

Skywing Wind Turbine

Skywing-M300 Wind Turbine

Feature:

1. Start up speed only 1.0m/s.
2. multi blade design
3. blade material is nylon mold, weighs less than 160g
4. DC motor weight 10kgs
5. structure is simple, easy to install

Specification:

Model No	SKYWING-M300
Max output (W)	300W
Rated power (DCV)	12/24VDC
Diameter Blade(mm)	999mm
Rated power	nylon
Yaw direction	Clockwise
Start up wind speed (m/s)	1m/s
Survival wind speed (m/s)	35m/s
Weight (kgs)	10kgs
Blade No.	6pcs
Location relative to tower	Upwind
